

Monday, March 21

	<i>Management</i> Franciscan	<i>Drought Workshop</i> Alvarado F	<i>Water Certification</i> Alvarado G & H	<i>Wastewater</i> Potter's Room	<i>Water Systems</i> Weaver's Room	<i>Leadership</i> Turquoise Room
8:00 - 8:30		Drought Management:				Tribal Utility
8:30 - 9:00	Running your Utility	Understanding &	Distribution Systems	UV Disinfection for	Effective Water	Technical Assistance
9:00 - 9:30	as a Business	Coping with Climate	Workshop	Water Reuse	Storage Tank Inspections	Roundtable
9:30 - 10:00		Variability & Uncertainty				
10:00 - 10:30	Morning Break			Morning Break		
10:30 - 11:00	Running your Utility	Drought Management	Distribution Systems	Rotary Filters	Effective Water	Tribal Utility
11:00 - 11:30	as a Business	Workshop	Workshop	Indirect Potable Reuse	Storage Tank Inspections	Technical Assistance
11:30 - 12:00				Effluent Reuse Policy		Roundtable
12:00 - 12:30	Lunch			Lunch		
12:30 - 1:00						
1:00 - 1:30						
1:30 - 2:00	Basics of New	Drought Management	Distribution Systems	Upgrading Lagoons using	Optimizing Coagulation	NMED Enforcement and
2:00 - 2:30	Mexico Water Law	Workshop	Workshop	Biolac Treatment System	with Streaming	Capacity Development
2:30 - 3:00				Self-Propelled Dredging	Current Measurement	Programs Update
3:00 - 3:30	Afternoon Break			Afternoon Break		
3:30 - 4:00	Researching Records	Drought Management	Distribution Systems		Filter Optimization	EPA Step Process:
4:00 - 4:30	at the Office of the	Workshop	Workshop	Wastewater Disinfection	Using Particle	Strategic Planning for
4:30 - 5:00	State Engineer				Counters	Water Systems
5:30 - 9:00	Exhibitor's Meet and Greet			Exhibit Hall		

Tuesday, March 22

	<i>Water Systems O & M</i> Franciscan	<i>Management</i> Alvarado F	<i>Water Certification</i> Alvarado G & H	Fireplace Room	<i>Wastewater O & M</i> Potter's Room	<i>Outreach Workshop</i> Weaver's Room
8:00 - 8:30	Troubleshooting Well & Aquifer Problems	NMED Construction Programs Funding	Mathematics for Water Operators	Biomonitoring 101: WET Testing	Introduction to the New Wastewater Study Guide	Outreach: The Community Connection Using Project WET
8:30 - 9:00	Subdivision Water Availability in NM	USDA Rural Development: What's New in RUS		Daimler Chrysler Fleet Program for Members	How to Successfully Take an Exam	
9:00 - 9:30						
9:30 - 10:00	Morning Break		Morning Break			
10:00 - 10:30						
10:30 - 11:00	Disinfection Alternatives (Turquoise Room)	Incorporating Ground Water Injection & Infiltration into Planning	Mathematics for Water Operators	NEPA Review Process NMED	Basic Wastewater Mathematics Levels I & II	Outreach: The Community Connection Using Project WET
11:00 - 11:30						
11:30 - 12:00	Networking Lunch		Networking Lunch			
12:00 - 1:30			Exhibit Hall			
1:30 - 2:00			Demonstration Classes			
2:00 - 2:30						
2:30 - 3:00						
3:00 - 3:30		Afternoon Break		Afternoon Break		
3:30 - 4:00	Membership Meeting Regional Caucuses		Exhibit Hall			
4:00 - 4:30			Demonstration Classes			
4:30 - 5:00						

Wednesday, March 23

	<i>Management</i> Franciscan	<i>Management</i> Alvarado F	<i>Safety</i> Alvarado G & H	<i>Wastewater</i> Potter's Room	<i>Water Systems</i> Weaver's Room	<i>Leadership</i> Turquoise Room	
8:00 - 8:30	Arsenic Technology Program - SNL	Tools and Skills for Collaboration and Consensus Building	New Mexico Excavation Law & Safe Digging Practices - 2 year Certificate Issued	Activated Sludge Process Control	New Installment Purchase	The Fine Points of Hiring an Engineer	
8:30 - 9:00					Financing Options for Water Storage Tanks		
9:00 - 9:30					Antennas on Water Tanks		
9:30 - 10:00	Morning Break						
10:00 - 10:30	Morning Break						
10:30 - 11:00	Protecting the Territory of Federally Indebted Water Systems using 1926(b)	Tools and Skills for Understanding and Managing Conflict	New Mexico Excavation Law & Safe Digging Practices	Advanced Wastewater Mathematics Levels III & IV	Aquifer Pumping Tests	Consumer Confidence Report Workshop	
11:00 - 11:30							
11:30 - 12:00							
12:00 - 1:30	Lunch Break						
1:30 - 2:00	Rates and Records: Informed Decision-Making Rural Water Rate Survey	Arsenic Rule Exemption Process NMED	Maximizing Safety in Commercial Diving Operations	Nitrogen Removal in Lagoons	AWWA Standard C-153: Ductile Iron Water Main Fittings	How to Work Effectively with the New Mexico State Legislature	
2:00 - 2:30							
2:30 - 3:00							
3:00 - 3:30	Afternoon Break						
3:30 - 4:00	Water and Wastewater System Security using SEMS	Regulatory Requirements for System Construction	Introduction to Electrical Control Panels	NM Process for Obtaining NPDES Primacy	Introduction to SCADA Systems	Conservation Easements: A Tool for Land Protection	
4:00 - 4:30							
4:30 - 5:00		Drinking Water Program					
5:00 - 6:00	Pac Raffle			Franciscan Ballroom			
6:00 - 7:00	Social Hour			North Atrium			
7:00 - 9:00	Awards Banquet			Alvarado Ballroom
