Suggestions for other fee-based Training Topics:

We are now able to provide internet-based training. The trainer is in one location and you connect from your location – no or minimal travel required! Technology requirements are minimal; you will only need a reliable broadband or DSL connection and an up-to-date web browser. Length would normally be 1 to 2 hours.

Would you attend a web-based training? Yes No

If no, why not? _____

What On-site Technical Services would you use?

- Leak Detection Source Water Protection Plans Funding Mechanisms
 GPS/GIS System Survey & Mapping Engineering/Pre-Engineering Services
