10:00 am	Break	3:15 pm	More Wastewater Math
10:15 am	Activated Sludge (cont'd)	5:00 pm	End of Session
12:00 pm	Lunch (on your own)		

NMRWA Members: \$75/day, or \$200 for all 3 days if registered 3 weeks prior to class

Nonmembers: \$115/day

The first two days (Tuesday and Wednesday) of this training are suitable for operators who want an introduction to the basics of wastewater treatment. Thursday will include a detailed exploration of activated sludge treatment processes, and Thursday afternoon will be devoted to working through a wide range of wastewater example problems that will relate to the various treatment processes previously discussed.

PDHs will be issued to NM registered professional engineers and CEUs will be issued to neighbor state operator attendees.

Please bring calculator and paper. The training presentations are available for download from <http://www.nmrwa.org/trsources.php>. Copies of the NM wastewater operator certification study guide are also available for download from www.nmrwa.org/training.php, or from the NM Environment Department site www.nmenv.state.nm.us/swqb/fot/index.html.

Registration and payment for this training is required for all attendees. Register by phone at 1-800-819-9893 or through our website (www.nmrwa.org/training.php) using Eventbrite. Please contact us if you have questions.
